FAQs

How can we differentiate between corporate law and commercial law?

Generally, the work of corporations is related to the life cycle of businesses, while the commercial is linked to franchising, intellectual property and many others.

What types of services a corporate solicitor can provide?

Corporate solicitors indulge in transactions, arrange documents, attend meetings and many more.

How can you judge a good commercial solicitor?

You can judge a commercial solicitor by having strong communication with negotiation skills.

What are the common legal disputes in commercial law?

The violation of contracts is one of the most common issues in commercial law. However, there are some other issues, including unfair trade practices, consumer complaints etc.
